TEMPEST REIGN

Tempest lives and writes on Kamilaroi Country, in northern inland New South Wales, Australia.

She has a handsome non-bookish husband, two adorable book-loving littles, and too many book boyfriends and girlfriends to count.

Tempest can often be found indulging in her romantasy addiction at all hours of the day and night, where she loves nothing more than having her nose in a fantasy novel, and crafting fictional worlds with morally grey characters, fierce feminine rage, and delicious romance.

Q&A WITH THE AUTHOR

WHAT INSPIRED YOU TO WRITE A CURSE FORGED IN FATE?

This story is really close to my heart. Brielle had been in my mind for a long time, but her story didn't come to me until I was asked to contribute a story for Bewitched Blooms: A Fundraiser Anthology for Zoë. The emotion I felt when I learned of Zoë's life, combined with some of my own experiences, helped shape A Curse Forged in Fate. It's a story about life's tough moments, but it's also a story of hope. I still get teary whenever I think of how that project brought the contributing authors together, how much it meant to Zoë before she passed, and how we've been able to help her family during their time of loss.

A BEAST CAGED IN BRIARS FOLLOWS ON FROM THAT FIRST STORY. WERE THERE ANY CHALLENGES YOU FACED, AND HOW DID YOU OVERCOME THEM?

Brielle's story was easy to continue writing—I knew exactly how it all unfolded. But then I started writing Caderyn's chapters, and he interacted with Brielle, and Rose Manor, in a way I hadn't anticipated! When authors say their characters have a life of their own, they aren't wrong. I got some great advice from author friends, about doing some free writing in his POV, and letting him steer the story to see where it went. Once I did that, his chapters, and the way Brielle reacted to him, became so really fun to write, and I love the story he helped shape even more!

CAN YOU GIVE US A TEASER FOR BOOK TWO?

That's tricky without being spoilery. I can say, we're headed to the Fae Realm, and readers can expect to be in for a heart-pounding journey, where all isn't as it seems!

A BEAST CAGED IN BRIARS

She's the human with murder in her cursed heart. He's the deadly fae sent to bring her to justice. Now they're trapped together in a sentient manor with only one way out – fall in love with the enemy to break the curse and set them free, before the beast awakens to unleash its fury once again.

A cursed human.

Brielle has spent the past ten years seeking to escape from the manor, plotting revenge on the man who destroyed her life, and wanting to find the only true friend she's ever had. She'll do anything to get her freedom and undo the past, even if it means bargaining with the darkly delicious fae who's trying to kill her.

A fae assassin.

Caderyn has one small task before his true mission begins; slay the fae-killer who's threatening his realm. But he never dreamed that he'd be so utterly spellbound by the tiny human Hellcat he finds, or that his shadows would want to devour her, in every possible way.

A dangerous beast.

Brielle and Caderyn must find a way to overcome their hate for each other and get free of the manor, or take their chances between risking the beast's insatiable wrath and being forever imprisoned by the hands of Fate.
